

PRDC Accepts Medicaid and we always welcome new patients.

CHILDREN

We have Board Certified pediatric dentists on staff with years of extra training in caring for young children and those with special needs.

PREGNANT WOMEN

PRDC sees dozens of pregnant women, and those who have very recently had their babies, every month. Medicaid provides comprehensive dental care while pregnant and sixty days post partum!

ADULTS

PRDC is in network with all six Managed Care Organizations and can help you navigate both expansion and CCC+. Very low prices on services not covered by Medicaid for Medicaid patients.
